

TEST PLAN DOCUMENT

Project Name: AcademyBugs.com

Prepared By: Athulya Sasi

Date: 17-Jul-2026

Version: 1.0

1. Introduction

This test plan defines the testing strategy, objectives, scope, and schedule for testing the **AcademyBugs.com** web application. The purpose is to verify that all major features, navigation, forms, bug demonstrations, and shopping functionalities work correctly across supported browsers before release. The application is designed for practicing software testing by identifying intentionally introduced bugs.

2. Objectives

- Verify that all website pages and navigation links function correctly.
- Validate bug examples and bug type demonstrations.
- Ensure forms (Report Bugs, Contact Form, Booking Form) work as expected.
- Test shopping cart and checkout workflow.
- Identify and report functional, UI, content, and performance issues.
- Verify cross-browser compatibility.

3. Scope of Testing

In Scope

- Home Page
- Examples of Bugs
- Types of Bugs
- Find Bugs
- Report Bugs
- Shopping Cart & Checkout
- Payment Page

- Navigation, Forms, Search, Accessibility Widget
- Responsive UI

Out of Scope

- Backend database optimization
- Third-party payment gateway performance
- Server infrastructure and hosting performance

4. Test Strategy

- Manual Testing for UI, Navigation, and Functional Validation
- Automation Testing using Selenium (Regression Testing)
- Functional Testing
- Smoke Testing
- Exploratory Testing
- System Testing
- Cross-Browser Testing (Chrome, Edge, Firefox)
- Responsive Testing (Desktop & Mobile)

5. Test Deliverables

- Test Plan Document
- Test Cases
- Test Execution Report
- Bug Reports
- Test Summary Report
- Selenium Automation Scripts

6. Test Environment

Browsers

- Google Chrome

- Microsoft Edge
- Mozilla Firefox

Devices

- Desktop
- Mobile

Test URL

- <https://academybugs.com/types/>

Automation Tools

- Selenium
- Java
- Maven
- TestNG
- Katalon Studio
- Page Object Model (POM)
- Apache POI

7. Roles & Responsibilities

Role	Name	Responsibility
Test Manager	Athulya Sasi	Test Planning & Review
QA Engineer	Athulya Sasi	Test Case Design & Execution
Automation Engineer	Athulya Sasi	Automation Script Development & Execution

8. Test Schedule

Activity	Start Date	End Date
Test Planning	15-Jul-2026	17-Jul-2026
Test Case Preparation	19-Jul-2026	21-Jul-2026

Test Execution	22-Jul-2026	28-Jul-2026
Bug Reporting & Retesting	28-Jul-2026	4-Aug-2026
Test Closure & Reporting	5-Aug-2026	12-Aug-2026

9. Entry and Exit Criteria

Entry Criteria

- Application is deployed and accessible.
- Test environment is available.
- Test data is prepared.
- Test cases are reviewed and approved.

Exit Criteria

- All planned test cases have been executed.
- Test execution results are documented.
- Defects identified during testing are reported and documented.
- Test Summary Report is completed and submitted.
- Automation scripts are executed successfully and execution reports are generated.

10. Risks & Mitigation

Risk	Mitigation
Test environment unavailable	Maintain backup environment
Browser compatibility issues	Execute tests on Chrome, Edge, and Firefox
Requirement changes	Review requirements regularly with stakeholders
Critical defects found late	Perform early smoke testing and continuous regression

11. Approval
